

Miniature Power Relays Series Elesta

Type SVR 452

Monostable

- Miniature size 15.5 mm
- PCB mounting
- 5 kV / 8 mm insulation
- Switching capability 8 A / 250 VAC
- General purpose, industrial electronics
- Sealed according IP 67
- 2 different pin layout
- Low coil power consumption

Product Description

SVR heavy-duty printrelays provide new dimensions of performance. Highest sensitivity and minimal self-heating. The coil wound over the entire length of the relay provides favourable field proportions.
